

## LOCAL OIL MEN TO DRILL IN LINCOLN

J. Diamond, of Domestic Oil & Refining Co., Leases 350-Acres Farm From S. H. Baughman

Lincoln county is enjoying a real oil boom as a result of the striking of five wells about three miles south of Stanford, just off the Somerset pike. As a result of the showing that has been made, President T. J. Diamond, of the Domestic Oil and Refining Co., with headquarters in Richmond, late last week, leased 350 acres of the farm of S. H. Baughman, about a mile south of Stanford, and which is practically adjoining the territory where the strikes have already been made. Mr. Baughman has been here several days with relatives and he signed a lease to the local oil concern, with the understanding that a rig is to be shipped there at once, and a thorough test of his farm made. He had previously leased 200 acres across the pike to the Bald Knob Oil Company, which has brought in five wells at Hale's Well, just south of the Baughman property. The Stanford Interior Journal said last week of the oil prospecting which is being done there:

Mr. C. H. Adams, of the Bald Knob Oil Company, drilling at Hale's Well, brought us in a sample of the oil he is getting there, and incidentally told us that his company struck another good one—the best yet. It is No. 5, and is good for 15 or 20 barrels. Oil was struck at 64 feet.

The Danville Advocate said of the strikes in Lincoln: A new 20 barrel oil well came in yesterday on the Hales farm, which is situated four miles southwest of Stanford, Ky. This well is on the lease of the Kentucky-Florida Oil Company. A ten barrel well was struck last week on this same lease. Prospects look so very promising that three more wells are being put down just as fast as the drills will operate. This oil field is about 3 miles from the Daniel Boone Oil Company, which has at the present time more than 30 producing wells. Interest in the oil business in this section of the country is increasing daily. There is much to be made in the oil game if people can make up their minds to take a little risk.

## Dr. Crossfield To Lecture Here Thursday Night

Dr. R. H. Crossfield, president of Transylvania University, Lexington, will lecture at the Methodist church Thursday night. Dr. Crossfield has lectured in Richmond several times, and the message he brings is always of the highest type and in this lecture on "Complete Living" we are sure to hear something exceedingly fine. He is president of Transylvania, which is a Christian school, and all the Christian people of Richmond should be delighted to hear him.

## NO DANGER OF LOCUSTS

The assertion of entomologists that the 17-year locust are due in Kentucky and the nation this year has called forth another from the distinguished Fayette county nurseryman, H. F. Hillenmeyer, that no alarm need be felt, as the day of the locusts in Central Kentucky is gone good. He says that save in the well wooded sections there will be no further visitation till 1923, when a little damage will result. He further tells about great damage that was wrought by locusts in 1855, and says that the return of the pests in 1872 and 1889 was accompanied with little harm. Mr. Hillenmeyer is authority on such matters.

## TO OVERTHROW U. S. GOVERNMENT

Is Object of Insidious and Dangerous Propaganda Under Way, Senators Say.

(By Associated Press)

Washington, Feb. 4.—After extended and vigorous criticism by several Senators of alleged lawless propaganda, the Senate today adopted a resolution extending the powers of the Senate Committee investigating German propaganda to inquire into other activities which it was charged sought to overthrow the government. Senator Kellogg declared the propaganda is being "carried on by an active organization seeking to overthrow the government by violence." Senator Myers asserted a public meeting was held in a theatre here Sunday in which the Russian Bolshevik government was reported to have been praised and which several members of the House attended. Senators Weeks declared the people of the United States did not understand the real purpose of the propaganda was to overthrow the government and until they did understand, it could not be stamped out.

## Awarded Medals of Honor

(By Associated Press)

Washington, Feb. 4.—The War Department today announced that two officers and 29 enlisted men of the army in France had been awarded the Congressional Medal of Honor, the highest American military decoration. Only three of these medals had previously been awarded during this war. By an Act of Congress, the medals are given only for "conspicuous gallantry and intrepidity above and beyond the call of duty in action."

Private Calvin Ward, of Morris-town, Tenn., who captured a machine gun nest, killed three, and captured seven of its occupants, is among those receiving a medal.

## Republican Congressmen Visit Wilson In Paris

(By Associated Press)

Paris, Feb. 4.—The Russian Soviet government will take "measures" to bring about an agreement with the entente, according to a wireless from Moscow. It complains the Bolshevik authorities received no "formal invitation to the Prince Island conference," only word regarding it being a wireless "containing press news."

President Wilson has several appointments today, including visits from the Republican Congressmen, who have arrived in Paris. He determined, however, that nothing would be permitted to obstruct the progress of the Commission, of which he is chairman, and which is now engaged in perfecting the scheme for the creation of the society of nations.

There is a growing feeling here that the treaty of peace should be speedily perfected, now that the principle of the society of nations and many details of its construction have been agreed upon. The society, however, is regarded as practically an assured fact, even if final action is not secured before President Wilson's departure, because the full conference adopted the declaration which solemnly binds the delegation to the creation of such an organization with the primary object of averting further warfare. For the present the main efforts of the promoters is to keep out all matters from the plan which are not absolutely vital. This may prove that there will be little more than framework of the fundamentals will be disclosed. It is expected, however upon this can be hung almost anything essential to the development of the plan. With such an agreement on general principles reached, it is held in some quarters that there will be no need to treat specifically such subjects as freedom of the seas, use of submarines or the creation of buffer states.

# \$1.00 A Pound At The Home

## All Records Broken on Richmond Market—J. B. Broadus Sells Entire Crop at \$80.20

All tobacco records went under at the big Home Tobacco Warehouse this morning, when W. P. Kincaid buyer for the J. P. Taylor Company paid \$1 a pound for a basket of tobacco sold by J. B. Broadus, of Madison county. There were 30 pounds in this prize basket. Mr. Broadus' entire crop sold for an average of \$80.20 a pound, and he had 680 pounds. Such a record, so far, is in a class by itself, and it is doubtful if it will be approached anywhere during the present season and may stand for years to come.

Such a price and such a sale needs no verbose description. The Home House has hit the high water mark, and its popular and efficient manager, William Luxon, was the recipient of heartfelt congratulations on all sides. Mr. Broadus also came in for the major share of congratulations, that he should raise and handle such a splendid lot of weed, and realize such an unprecedented figure for it. It speaks volumes for the soil of old MDau shrdl shrdhm tobacco men, for weed grown in this county has all been selling well, and bringing top figures. A few of the sales at the Madison House were:

## Poles and Czechs Told To Cut Out Squabbling

(By Associated Press)

Paris, Feb. 4.—Bulletin.—The Supreme Council today agree that Greek territorial questions in the peace settlement will be referred to a commission of experts who will recommend a just settlement. The commission will be composed of two representatives each from the United States, Great Britain, France and Italy. An official bulletin issued last night, according to developments today, warned the Polish and Czech nationalities, who are disputing control of Teschmining district in Austrian Silesia, that they must not occupy the territories they claim. Meanwhile a commission of control will be sent to the Teschin region.

## Caldwell 26; Wesleyan 17

Friday night before a big crowd of rooters for both teams, Caldwell High School took a game from the Wesleyan team after a hard fought battle. From the toss up until the final whistle, the game was clean and fast. While the Wesleyan quintet showed evidence of training, the speed and endurance of the local boys could not be denied. When the Wesleyan team appeared on the floor, the Caldwell boys suffered from comparison as the former was heavier of the two, but the team work and superior passing of the local boys won the game.

While Malloy and Vandeyest did not score as many points as they had been doing in practice games, their excellent pass work was responsible for many of the goals thrown by Stone, Congleton and Howe, the husky guards, did well in their capacity. Elder for Caldwell, and Strother for Wesleyan, were the efficient centers. The next game scheduled here is with Danville High School quintet, Tuesday, February 11th, and promises to be even more interesting than any yet played.

## Eastern Drops One By Three Points

The continued sweep of victories of the Normal school basketball team was at last broken Saturday night at the local gymnasium in a hotly contested game with the Sue Bennett Memorial School, of London.

It was undoubtedly the best game of the season, as advertised, the teams being so evenly matched they put up an ideal contest from all angles of the game. The first half was a nip and tuck affair the score at the end of that period being 8 and 8.

The second half started off with a rush finally becoming almost as rough as a foot ball game and after the smoke of battle had cleared away it was found the final score stood Sue Bennett 17, Normal 14. Capt. Trosper pas the individual star of the game, scoring 12 points of the 14 total points made by the Normal team. Basketball fans are asking for another game between these two teams in order to play off the tie, the first game at London having resulted in a victory for the Normal five.

## CIRCUIT COURT BEGAN OPERATIONS TODAY

Grand Jury Impanelled and After Receiving Instructions, Started To Work—Very Light Docket.

The February term of the Madison Circuit Court convened Tuesday morning at nine o'clock, with Hon. W. R. Shackelford, judge, presiding. Hon. Ben A. Crutcher, Commonwealth's Attorney, Hon. O. P. Jackson, County Attorney, and Mr. James W. Wagers, Clerk, and Hugh Thorpe, his deputy clerk, were in their respective places ready to assist in all deliberations of the court.

Judge Shackelford before impaneling the grand jury said that he trusted that no person who had been selected for jury service, either grand or petit juror, would offer any excuse not to serve, unless he was physically unable, or some member of his family was ill and it was absolutely necessary for him to remain at home.

He said the highest function a man could perform was to serve his country as a juror, and that no man should shirk the responsibility by claiming that it would interfere with his business affairs. He said the business of the courts was the business of the people, and that the people should assist in every way possible in having the laws enforced.

After the grand jury had been sworn in Judge Shackelford proceeded to instruct the jury in the duties devolving upon it. He complimented county upon the splendid record of law and order now prevailing and said that this was possibly due to the enforcement of the law by the various officers who had jurisdiction over the affairs of the county. He urged the jurors to investigate all acts of violence brought to their notice, but not to return indictments unless they believed a conviction would ensue. He instructed the jury to inspect the county offices, the county property and everything else coming within the inhibitions of the body so delegated. His instructions were brief and to the point.

The following named persons compose the grand jury: T. S. Todd, foreman; Thomas Cotton, M. C. Covington, A. J. Lackey, Larue Elkins, J. W. McKinney, Shirley Gumm, B. F. Reeves, G. L. McKinney, C. S. Wagers and W. M. Hisle.

The following compose the petit jury: Eugene Davis, J. R. Wells, Rufus Jenkins, Henry Pearson, George W. Goodloe, Ollie Barnes, James Dawson, O. S. Yates, Scott Moores, George H. Noland, W. H. Moore, Cale Parks, Chas. Combs, L. C. House, J. R. Dunbar, W. T. Griggs, F. M. Jones, Eugene Barnes, J. M. Evans, H. O. Morgan, Boyd Powell, A. R. Gibbs, Jasper Pearson, Ernest Davis.

The docket for the present term is unusually light, considering the fact that no ordinary law cases were tried at the regular October term of court, owing to the epidemic of influenza.

## Uncle Sam To Help Boys Get Good Positions

Secretary James M. Walker, of the local branch of the U. S. Civil Service Commission, has just been advised from Washington that the Civil Service Commission is perfecting arrangements whereby men who are about to be discharged from the army or navy may receive first hand information concerning opportunities for employment in the federal civil service. The Commission has received authority from the Secretary of War and the Secretary of the Navy to appoint representatives at all establishments where enlisted men are assembled in considerable numbers. These representatives are now being appointed. They will be prepared to inform the men fully concerning positions which are open, to supply them with application blanks, to assist them, if necessary, with the execution of their applications and to advise them relative to civil service matters generally. It is the plan of the Civil Service Commission to entrust this work to educational directors of welfare organizations already operating at the camps, cantonments, etc. The representatives of the Commission who are appointed for the personnel of these welfare organizations will have the benefit of the advice and assistance of the Commission's local boards of examiners at nearby cities. In addition to the instructions received from the Commission.

Mr. O. L. Mays, Mrs. Mays, and Miss Mary Dunn, all of Danville, and Mr. T. Bookle Blackwell, of Oakdale, Tenn., were visitors for the week-end with Mr. and Mrs. F. H. Gordon, in Danville.

## TWO CANDIDATES HAVE RELATIVES HERE

Interest In Race For Democratic Nomination For Governor Increased With Others "Mentioned."

Considerable local interest has been aroused in the next race for governor of Kentucky, by reason of the fact that two candidates for the democratic nomination have many relatives in Madison county. As is well known Lieut. Gov. James D. Black, who has generally been considered the leading candidate for the nomination, is a brother to Mr. Alex Black, of this city, and is here quite frequently with him.

Informal announcement has been made for some time that Col. George T. Smith, commander of the old Second Kentucky regiment and now in France, will also be a candidate, and now cards have appeared here with his picture on them and declaring him a candidate. Col. Smith is a former resident of Beattyville, Lee county, and is a nephew of Hon. W. B. Smith, of Richmond, and has other prominent relatives here. Many of the soldier boys are said to be distributing his cards. Mrs. Smith, wife of the Colonel, said in Lexington the other day, where she makes her home, that he will be a candidate.

According to Mrs. Smith, Colonel Smith has asked for his discharge with a view of returning to this country in the spring, so that he can fix up his fences for the democratic primary.

Col. Smith saw service in the Spanish-American war. He moved to Lexington from Beattyville where he was postmaster.

Col. Smith was chairman of the Lee county Democratic Committee; made the race for the legislature in four counties that were republican, and was defeated by the narrow margin of 59 votes. He is a dentist by profession.

A special dispatch from Louisville to a Lexington paper contained some gossip about gubernatorial candidates which is interesting. It was to the effect that Congressman Cantrell, Eli H. Brown, and Judge John M. Lassing held a conference to boost the candidacy of Judge John D. Carroll, of Henry county, for governor. Judge Carroll, who is on the Court of Appeals bench from this district, announced a short time ago that Congressman Cantrell, Judge Lassing and former Attorney General Mills M. Logan, would manage his campaign, and the addition of the famous Eli H. Brown to his group of campaign managers is interesting, to say the least.

It has been reported that Seldon H. Glenn, secretary of the Democratic State Committee, will manage the campaign of Prof. H. H. Cherry, of Bowling Green. The dispatch from Louisville also said:

## Another Soldier May Run.

Reports from the same source are to the effect that General Percy Haly will not enter the race for Governor. It is further said that the Beckham-Haly forces are likely to line up solidly behind Colonel H. H. Denhardt, of Bowling Green, if he announces for the nomination, as he is expected to do, and that thousands of the Stanley adherents will fall in line for the soldier who won his promotion on the battlefields of France.

One well-informed democrat said today that if Colonel Denhardt started he would sweep the state. He is a speaker of no mean ability and if there is to be a speaking campaign the democrats will have to put a man of ability to match Ed Morrow on the stump.

Down in the western part of the state, the newspapers are already boosting Col. Denhardt's prospective candidacy. The Russellville Messenger said the other day:

Col. Denhardt has made good "over there" as he did while serving as County Judge of Warren county for eight years. When the call came for the mobilization of troops at the Mexican border he was County Judge of Warren county, and an unopposed candidate for the democratic nomination for Congress in the Third district.

He went to the border and then to France as Major Denhardt, and won his promotion for bravery under fire. In their first battle Major Denhardt and the 1,400 men in his command, were commended by Major General Liggett for efficiency under fire, and after their second battle Major Denhardt was cited for bravery, and the promotion. He is expected to be promoted to the first Army Corps, and will be on for the first time since August first.

Lieut. Col. Denhardt has been in of civil life nearly three years, and his military record is a record of success.

### OBITUARY.

The funeral of Mrs. A. J. House, was held Friday, January 31, at 2 p. m. at the family residence on the Lancaster pike, with brief service among many loved ones and innumerable friends. The body was taken to its resting place with burial in the family lot in Richmond cemetery.

Deceased was 42 years of age, born and reared in this county, the greater portion of her life being spent in Richmond, where she was universally loved. The passing of Mrs. House takes the idol of the household and one who numbered her friends among acquaintances. In all the relations of life she endeavored to plant a flower in every heart, in sunshine and shadow, and her good motherly way and countesses extended to each and all will long linger as pleasant memories. Her dear, sweet children, Miss Hazel, Hugh and Tom, inspiration of love and her saintly life, her devoted husband are left to realize their great loss. Her presence will be missed; a chair vacant never to be filled, but with God's help, He will guide them, guard and direct their every footsteps. She sleeps, but not forever, since Death is only a dream.

The consoling words of Dr. Telford, the celestial voices and sweet songs of the singers, Mrs. Grider, Mrs. Myers, Miss Russell, Mr. Bowman, will ever be remembered in the hearts of those who loved her best.

The funeral cortege proceeded to the family lot in Richmond cemetery under God's watchful eye, to give her body back to Mother Earth who always claims her own. Flowers and designs were beautiful and many, expressions of esteem and love from her many friends and loved ones. Services at the grave were brief, yet very impressive. The sympathy of the entire community is extended to the family in their hour of sorrow.—Contributed.

## When the Baby Needs a Laxative---

No one knows better than the ever-watchful mother—the natural doctor of the family in all the small ills—that when the baby is out of sorts it is usually due to indigestion or constipation.

It is always well, in any of its illnesses, to look for this cause. The diet may have to be changed, but before good can result from it, the bowels must be moved.

The mother has the choice of many medicines—cathartics, purgatives, bitter-waters, pills, physics, etc. But the little body doesn't need such harsh remedies for they wrench the system and do only temporary good, so often followed by an unpleasant reaction.

A better plan is to employ a mild, gentle laxative of which only a little is required. There is a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin that thousands of mothers have used successfully for baby's constipation and its accompanying ills, such as belching, wind colic, restlessness, sleeplessness, etc.

The nursing mother will also find it ideal for herself, and it is especially important that she be free from constipation.

Syrup Pepsin is guaranteed to do as promised or the druggist will refund the money. Thousands of cautious families have it in the house, secure against the little ills.

### PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the War, by sacrificing profits and absorbing our share we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—40c and \$1.00.

### FREE SAMPLE

If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 401 Washington St., Montreal, 25. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

### Trimming Grapes

Grapes should be trimmed in October or November, but if you have neglected to trim them at this time, they may be trimmed at any time during the winter when the weather is above the freezing point. Now is an excellent time to do it. Do not put it off too long for you will injure your crop. If you delay the trimming until the sap rises, or if it should be delayed until the sap rises before the cut heals, which takes from three weeks to a month, they will bleed. This sap that is lost is the material that makes the young twigs or branches that bear the grapes.

In trimming your vines you must remember that the grapes are always born on the vines that grew the year previous. Now, if you cut all the new branches off you will spoil your crop. Some of these long branches should be left for bearing the branches next year. In thrifty vines some branches will grow 6 or 8 feet. As a usual thing, however, these side branches are only 2 or 3 feet long. These branches have from six to a dozen buds and this is too many for the branch to bear. Each bud will produce a new vine that will be from three to five bunches of grapes. If all the buds are left on these side branches, it will weaken the whole branch and the bunches will be small and will fall an easy prey to the fungus diseases, such as brown rot. If each of these side branches be cut back to three buds, it will give you a much better and finer crop and preserve the vine. Also the long leaders that you leave for the side branches for next year's crop should be cut back to 4 or 5 feet. All the dead branches should be cut and the vines should be fastened to the support by tying a binder twine string to the tendrils. If you tie it around the vine itself, it will usually die before the summer is over. If you have mulched your grapes in the fall with leaves and manure, and get them trimmed by the 20th of February according to the above directions, you should save bushels of fine grapes this season.

Grape vines cost but a trifle and everybody who has any land should have at least a dozen grape vines helping to supply the table through the year. We have some good strong vines on hand and our phone number is 190.

## THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. ### Farm For Sale Cheap

A good farm of 112 or 118 acres, never failing water, a good warm house of five rooms and back porch, water in kitchen and sink, a good well near door, cold and never gets low even in very dry times, plenty of stock water at all times. A mile from house, near two churches, not far from two pikes, two orchards one bearing and a young one put out two years ago, plenty of outbuildings, well fenced, can be sold in two tracts; no tobacco has ever been raised on the farm. Some one with a little money can buy it and pay for it in a short time. Come and see for yourself.

### Bend.

Another good man has gone to his reward. Z. R. Dennis, aged 59 years, died at his home in College Hill on the 26th with flu. He had been a member of the Christian church for many years. He leaves a wife and 11 children to mourn his loss. He was a kind husband and indulgent father, and will be sadly missed. He was buried in the Flatwoods cemetery.

How many remember the winter of 1889? Just like this one, only more rain. Peach trees bloomed in February.

Mary Congleton visited Alma Smyth from Saturday until Monday. Bud Vaughn was in the Bend Sunday visiting his many friends and giving some pointers in regard to good fox hounds.

These fine days the farmers should be plowing their sod and stubble land. Look out. One extreme follows another. It was said that 1918 would be the year. It is predicted that 1919 will need more food than last, and that prices for foodstuffs will continue to go higher. If it does, we pity the ones who buy.

Mr. John Sexton was called to Lexington Tuesday by the death of his cousin, Miss Rose Henry.

### A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me." Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

### Farm For Sale Cheap

A good farm of 112 or 118 acres, never failing water, a good warm house of five rooms and back porch, water in kitchen and sink, a good well under shed, cold and power gas, law even in very dry times, plenty of stock water at all times. A mile from house, near two churches, not far from two places, two orchards one bearing and a young one set out two years ago, plenty of outbuildings, well fenced, can be sold in two tracts; no taxes have ever been raised on the farm. Come see with a little money you can have a good farm in a short time. Come and see for yourself. JOHN L. GREGG, 54 12 Depueville, Ky.

## THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

### Bend.

Another good man has gone to his reward. Z. R. Dennis, aged 59 years, died at his home in College Hill on the 26th with flu. He had been a member of the Christian church for many years. He leave a wife and 11 children to mourn his loss. He was a kind husband and indulgent father, and will be sadly missed. He was buried in the Flatwoods cemetery.

How many remember the winter of 1889? Just like this one, only more rain. Peach trees bloomed in February.

Mary Congleton visited Alma Smyth from Saturday until Monday. Bud Vaughn was in the Bend Sunday visiting his many friends and giving some pointers in regard to good fox hounds.

These fine days the farmers should be plowing their seed and stubble land. Look out. One extreme follows another. It was said that 1918 would be the year. It is predicted that 1919 will need more food than last, and that prices for foodstuffs will continue to go higher. If it does, we pity the ones who buy.

Mr. John Sexton was called to Lexington Tuesday by the death of his cousin, Miss Rose Henry.

### A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134
